

**Qualified. Competitive.  
There to Serve.**

We're there when you need us with solutions that work.

**Forest Electric's Post Sales & Warranty Service—  
a cost-effective, local solution you can trust.**

When you need local boots on the ground, our highly skilled and highly trained field mechanics and lighting technicians can respond to your situation immediately. Whether you need someone to troubleshoot your fixtures or simply change out lamps, Forest Electric's POST SALES and WARRANTY SERVICES division can provide you with the solutions you need.

Even if we didn't handle the electrical installation of the lighting system currently in use, we can still provide warranty, maintenance, and repair services. And that means that you'll still get all the superior service and expertise you've come to expect from one of the NY metropolitan area's premier electrical contractors.

**Quick & competitive service**

For over four decades, we've been working with some of the biggest names in the lighting industry. We've worked with leading manufacturers, reps, distributors, and lighting designers—and we've consistently exceeded their expectations with more competitive, more efficient service.

**Technology-driven solutions**

We're a technology-driven business that's been meeting and exceeding the electrical maintenance requirements of many leading building owners, financial institutions, and major corporations for over forty years.

**An accomplished workforce**

The entire Forest Electric workforce is comprised of highly qualified, highly skilled electricians and mechanics capable of dealing with almost any problem that emerges. And perhaps best of all, we're able to respond to those problems exactly when you need us.
